A User In Total Control Is A Designer's Nightmare

Design – *Smashing Magazine*
How do you balance the creative control you give to the users, the usability of the product they make with your tool and the flexibility of that tool?

Why can't Facebook find the right image when I share a link?

PR – *Holtz Communication + Technology*
It's a minor little Facebook gripe, especially when compared to substantive issues like privacy and organic reach, but it has now driven me crazy enough that I'm resorting to posting...

Amazon Announces The $199 Fire Phone

Tech – *Techcrunch*
Meet the Fire Phone, Amazon's first venture into smartphones. At first blush, it looks like any other smartphone currently on the market, but it has a secret: the ability to track a user's head.

Mean Tweets - NBA Edition #2

Humour – *Jimmy Kimmel Live*
Professional Athletes are no strangers to criticism. In the old days you could yell at the players at the game, but now we have the Internet. Now we can insult them quietly on Twitter.
