Prioritizing Devices: Testing And Responsive Web Design

Design - *Smashing Magazine*

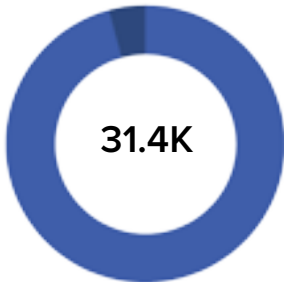

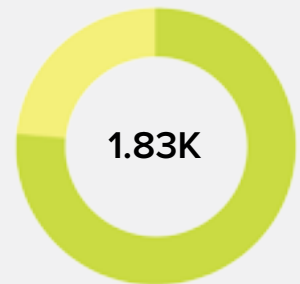

Have you seen how many browsers and devices we have to test now? I remember when Internet Explorer (IE) 8 came out and we were annoyed that we had to start testing...

Promoting modern websites for modern devices in Google

Dev - *Paul Irish*

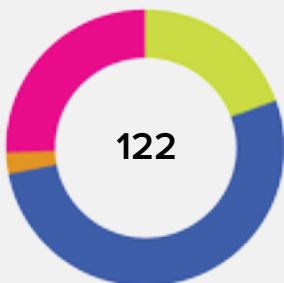

Sorry Flash. Heavy flash sites will now get a warning & smaller link in Google search results.

No, Smartphones Aren't Going To Kill GoPro

Tech - *Gizmodo*

GoPro saw its stock dive this morning, after some bad press predicted that its action cams are destined to go the way of the dodo thanks to smartphone cameras. Untrue!

Please stop telling me to quit Facebook

PR - *Shel Holtz*

A Dutch nonprofit, Just B.V., is behind the latest effort to get people to stop using Facebook. The campaign, "99 Days of Freedom," was inspired by the recent...
